

CAREER OBJECTIVE

Aspiring Computer Science student specializing in Artificial Intelligence, seeking internship opportunities to apply programming, data analysis, and problem-solving skills in real-world projects. Passionate about leveraging technology to build innovative solutions with strong interest in AI, software development, and data-driven decision-making.

TECHNICAL SKILLS

Programming	: Python, Java
Web Development	: HTML, CSS, Bootstrap, JavaScript
Tools	: Power BI, Git, VS Code
Domains	: Artificial Intelligence, IoT, Data Visualization

EXPERIENCE

Frontend Developer Intern <i>Codeship Private Limited</i>	May 2026 – June 2026 <i>West Mambalam, Chennai</i>
- Completed a 1-month Frontend Developer Internship. - Developed responsive web pages using HTML, CSS, Bootstrap, and JavaScript. - Developed and optimized cloned and responsive web pages for UI testing and improvement. - Collaborated in debugging and improving website performance.	

EDUCATION

Shrimathi Devkunvar Nanalal Bhatt Vaishnav College for Women <i>BSc Computer Science with Artificial Intelligence</i>	Chennai, Tamil Nadu 2024 – Present
Sivananda Saraswathi Matriculation Higher Secondary School <i>Higher Secondary Education (HSE) – 85%</i>	Chennai, Tamil Nadu 2023 – 2024
Sivananda Saraswathi Matriculation Higher Secondary School <i>SSLC – 83%</i>	Chennai, Tamil Nadu 2021 – 2022

PROJECTS

Smart Home Automation & Animal Shed Protection	<i>Arduino, IoT</i>
- Developed an Arduino-based monitoring and protection system for smart automation. - Implemented sensor-based detection for motion, temperature, and safety alerts. - Enabled real-time response mechanisms to improve security and efficiency. - Gained hands-on experience in IoT integration and embedded systems.	
Vocabulary Website	<i>HTML, CSS, Bootstrap</i>
- Built a responsive vocabulary learning website with modern UI design. - Created structured word lists with clean navigation for better user learning experience. - Improved UI responsiveness across mobile, tablet, and desktop devices. - Focused on accessibility and user-friendly interface design. - GitHub: Project Repository	
Portfolio Website	<i>HTML, CSS, Bootstrap</i>
- Designed and developed a responsive personal portfolio website. - Showcased skills, projects, and achievements in a structured layout.	

- Optimized for mobile responsiveness and fast loading performance.
- Integrated smooth navigation and clean UI design principles.
- GitHub: Project Repository

Airport E-Management System

Web Development

- Created a web-based system for airport schedules and booking management.
- Designed interface for managing flight schedules and passenger data efficiently.
- Improved data organization and reduced manual scheduling effort.
- Applied web development concepts for real-world system simulation.
- GitHub: Project Repository

SOFT SKILLS

- Communication & Leadership
- Time Management & Decision Making
- Analytical Thinking

CERTIFICATIONS

- Microsoft Certifications – Fundamentals in Programming and Productivity Tools
- HackerRank – Python and Problem Solving
- NPTEL – Introduction to Machine Learning
- Coursera – Web Development and AI
- Infosys Springboard – Technical Certifications
- TCS iON – Career Edge Certification

TECHNICAL HIGHLIGHTS

- Strong foundation in Frontend Development and UI design
- Experience in website cloning and responsive design testing
- Basic exposure to IoT and Arduino-based systems

ACHIEVEMENTS

- Earned a VIP Pass for the Microsoft AI Tour, Bangalore.
- Attended exclusive sessions and interacted with Microsoft leadership.

INTERESTS

- Frontend Development
- Artificial Intelligence
- UI/UX Design
- Website Testing
